About VALE:

Vale Industries Ltd is a manufacturer of engineered products and equipment for the agricultural, aggregate, mining, and related sectors. With roots in steel manufacturing going back 30 years, Vale knows how to deliver solid solutions and exceptional value for our customers. Our management team has over 100 years of practical, hands-on experience in engineering, manufacturing, and business management, focused on leading Vale's next phase of strategic growth. At Vale, we uphold a high standard of quality, integrity, and safety to demonstrate our commitment to our employees, customers, suppliers, and community.

Job Summary:

Vale has a great opportunity available for a Student Production Welder to be a part of our production team. This position offers full-time summer hours for high school students. Vale Industries is a fast-paced, collaborative environment with lots of opportunity for personal and professional growth. If you are motivated to make a real difference and the drive results, this position may be for you.

No experience necessary; training available!

Duties and Responsibilities:

- Read documents, computer screens, blueprints and drawings and take or read measurements to plan layout and procedures
- Tack and weld components
- Operate shop equipment as required including saws, drills, grinders, etc.
- Produce components and assemblies as per specified requirements
- Perform general preventative maintenance of weld equipment
- Perform quality inspections
- Keep a tidy and clean work area
- Maintain safe work practices
- Regulate machine factors such as Wire type, gas flow, fixture locations
- Monitor parts usage and report on any material issues
- Maintain quality objectives and verify conformance of finished workpiece to specifications
- Contribute to team effort by accomplishing results as needed
